

Queen's Report

Alicia Brown

Hello Flying Farmer's!

It has been a very busy past few months for our family. I finally finished with spring term at DMACC. Finals week was pressing but, I got through it alive.

Recently, I took a flying lesson at the Knoxville Municipal Airport. My instructor put me in an older Piper Cub. That was quite the experience! It was definitely different than the Cessna 172! I plan to continue my lessons and obtain my pilot's license.

However, I will be taking it slow. My main focus must stay with my Nursing classes for now.

I look forward to seeing everyone at the June 7th meeting in Winterset, IA. We will be enjoying lunch at Northside Cafe prior to touring the Bridges. The little diner became famous for being in the movie "The Bridges of Madison County", starring Clint Eastwood.

The Café is located on 61 E. Jefferson St. Winterset, IA. I have reserved the back area from 11am-1pm for our meeting. Hope to see you all there!

Farmerette

Alexis Taylor

Summer is in full swing! School is out and fortunately soccer continues. The varsity team is now 4th in the state and heading into regionals where we hope to continue on all the way to state. I hope you all are enjoying the warm weather as much as my sisters and I are, aside from the sunburn I acquired, of course! My weekend will be filled with a soccer tournament, but I hope there is a great turnout for the meeting.

Embassy Suites
- 7 IFF Convention Post Tour, Denver City Tour

January 2015

- 12-14 IFF Workshop, Navarre, Florida

How Does Your Garden Grow?

- Onions, apples and potatoes all have the same taste. The difference in flavor is caused by their smell. Pinch your nose and try it – they will all taste sweet.
- Ounce for ounce, Broccoli has more vitamin C than an orange and as much calcium as a glass of milk.
- Onions make you cry because they are full of sulphuric chemicals, which irritate your tear ducts. Sulphur is the same gas which is produced by volcanoes when they erupt.
